

# BUILD GREEN – BUILD IT THE RIGHT WAY

ALL STAFF ARE ACCREDITED

NATIONAL AND STATE AWARD WINNER

JADE 909  
DISPLAY AT 'THE VALE', WESLEY WAY, AVELEY

Right Homes is passionate about creating individual designs to suit lifestyle and expectations and demonstrating that energy efficiency and high star ratings can be affordable.

## NINE STAR / CARBON NEUTRAL DESIGN

- Our designs incorporate Greensmart principles
- Energy efficient – the home achieves a 119% reduction in energy making it beyond carbon neutral
- Solar passive designed to reduce the need for artificial heating and cooling
- Solar hot water system
- Photovoltaic solar power generation system
- Comfort Plus Low E glass
- Lighting, tapware and appliance selection
- Designed for people of all abilities
- Water conservation – the home achieves a 76% reduction in water use
- Low maintenance
- Waste recycling
- Achievement of a 9.0 star rating using the Building Energy Rating Scheme
- A design that encompasses the affordability and longevity of the home
